The Christian Intervention Program (CIP)

What is it?

It is a addiction recovery program based on these truths:

- you are loved and have high value in God's eyes;
- God has a purpose and plan for you; and
- God restores broken lives and families.

CIP is a 20 lesson program that includes topics like:

- Who am I?
- Coping with the Problems of Life
- Parenting
- Firm Steps Toward Financial Freedom
- Building Self-Esteem
- What Alcohol and Drugs do to the Family
- Christian Values that Strengthen the Family
- Christian Morals and Values
- Developing Respect for Authority/Law Enforcement

When does the class meet?

The CIP class meets every Thursday at 7:00pm at the Brazil United Pentecostal Church at 1088 E US Hwy 40, Brazil, IN 47834, in the fellowship hall.

Participant cost

The student fee is \$30 and includes the student workbook, a music CD, and a Bible. If a student is unable to pay, they may inquire about a scholarship as they are sometimes available.

What CIP offers

CIP is a 20-week program that is both instructive on important topics for those recovering from addictions, but the class also provides an environment of peer support and accountability. Graduates of the program are awarded completion certificates at an honorary commencement ceremony.

CIP's Success

Of the students who have graduated from our CIP program, 86% have found and have continued in freedom from addictions.

CIP at work

We send monthly student progress reports to referring government or private agencies.

We have introduced CIP to the Clay County court and probation officers, Family Support Services, Systems of Care, the Clay County Substance Abuse Council (of which we are a member), Department of Child Services, the Indiana Attorney General, the Rotary Club, and others. CIP has been used in Clay County, as well as throughout the country by courts, departments of correction, parole officers, and companies as a faith-based alternative to offer alcohol and drug users a proven intervention/rehabilitation program.
